Key Knowledge I Will Learn From This Unit

There are many scientists through history, and now, who are Christians.

The discoveries of science make Christians wonder even more about the power and majesty of the Creator

Creation reveals something about the nature of God and reminds humans of their place as dependent upon the Creator.

I will be spiritual by wondering ...

What does Genesis say about God?

What does Genesis say about how people should live?

How can people believe in science and Christianity?
